The dev didn't bother perfecting it either. The first time i played, there is a storyline..the end of it a guy is laughing and this carries on into the game..was annoying. I had to restart the game and it stopped, thank goodness. The controls..you try to move the paddle a little and it moves a lot. I wouldn't recommend this game and I won't be buying 3 which is coming out on the 22. This dev really wants to have a quick cash grab. Do not buy.. Awsome game lots of fun well made great value on the pricei would recommend it to others A+
